

Benefit for Janice

JANICE FORGIE (VOLLMER) was recently diagnosed with Stage 2 Breast Cancer and has undergone extensive surgery. She is facing chemotherapy treatments and has mounting expenses due to loss of income, as well as accumulating medical bills. Janice is a single mother with a son in college. We would like to help alleviate some of these worrisome expenses, so she can concentrate on battling against this disease. Please come out & help us to raise funds and support Janice in her FIGHT against this disease!!
